WHAT I BUILD INSTEAD

- **Websites**
Yours to keep. No monthly fee, and no software that has to be updated to keep your site working.
- **Web applications**
Booking, inventory, accounts, internal tools.
- **Slow or broken sites**
I find what's actually wrong and tell you plainly. Including when the honest answer is it's not worth fixing.
- **Identity and print**
Logos, cards, signage. On its own or alongside a site.
